

AdEasel® // A Dynamic Agency™

AdEasel® is a Dynamic Agency™ based in the Midwest with offices in Chicago and Des Moines since 1999. We are a full-service web, marketing and advertising agency with proven industry experience integrating custom strategy, creative and technology solutions. Our team of talented designers, developers and consultants serve as an extension of each client's management and marketing team, adding greater value, expertise and dynamic capabilities beyond what other web developers, designers, digital marketers, and traditional advertising agencies provide.

We offer industry-proven marketing and technology solutions for a wide range of clients and campaigns across local, regional, national and global markets.

- ✦ Corporate Web, Marketing & Advertising Programs
- ✦ Business Associations & Supply Chain Networks
- ✦ Collaborative Ventures & Partnerships
- ✦ Non-Profit Web, Marketing & Advertising Programs
- ✦ Small Business Web, Marketing & Advertising Programs
- ✦ Creative Goodwill & Philanthropy

AdEasel's professional design, development, management and marketing services complement your existing in-house team and partnerships with integrated consulting, training, education & support. AdEasel provides each client with a secure, interactive online Easel and complete suite of dynamic management & marketing tools and applications, along with real-time, daily, weekly and monthly backup & reporting systems that can track all aspects of sales, marketing, and operations.

AdEasel® is an integral part of your web & marketing programs.

Our core services and solutions include branding, web development & management, content management systems, mobile & web applications, email marketing, online marketing & SEO, print design & advertising, consulting & strategy development, printing & production, consulting, hosting, training and support.

We combine vertical-industry experience with cross-industry innovation to develop dynamic solutions that focus on the unique positioning strategies of each client's brands, products & services, sales & CRM processes, and marketing communication, helping them take full advantage of market opportunities
